

studio policy

Payment is due at the first lesson of each month. Cash accepted, Venmo preferred.

If a lesson is cancelled with less than 48 hours notice, the lesson must be paid. In extraordinary circumstances the lesson fee may be refunded. These circumstances include accidents and illness.

The student must have access to an 88 keys, full-weighted keyboard (preferably an acoustic instrument) by the second lesson.

For younger students: parents are expected to monitor the student's practice especially when the student is less than ten years old. At the end of every lesson, I will guide the parents into the specifics of the supervision that needs to be provided.

Students must commit to practice at least fifteen minutes a day upon starting lessons. Once the student gains more skills, the practice time will increase accordingly.

Students are required to attend at least one professional concert a semester. The concert program must be submitted to me as the proof!
